Outcome and Essential Supports Person Centered Review

DESIRED OUTCOMES	Status of outcome *Achieved = accomplished, removing from plan* *On track = progressing as expected, no gaps/barriers* *Limited or no progress = experiencing gaps/barriers or regress*	Plan updates
Start date: 4/1/2026 End date: 9/14/2026 Steven wants to be an active member in the community and be able to participate in recreational activities that he enjoys.	☐ Achieved ☒ On track ☐ Limited or no progress Status description: Throughout this reporting period, Steve continued to take part in community and recreational activities that he enjoys. With staff support he went on walks in the park and downtown, visited the mall, GameStop, Goodwill, Carytown and Short Pump Town Center, went out for brunch and dinner, and shopped for his own items and groceries. He attended Inner Vision Day Support on weekdays, including community outings arranged by the program and trips to Busch Gardens, and he continued to choose Wednesdays as his day to rest at home, which staff respect as his personal choice. Steve visited his family in Fredericksburg from 6/17/2026 to 6/21/2026. On 8/25/2026 Steve started a new community engagement program on Tuesday and Thursday evenings (5:00-8:00 PM); he attended on 8/25 and 8/27, visited the park and saw animals with the group, and told staff he loved it. Steve continues to express interest in finding a job, and staff talked with him about the skills needed for employment; this goal will carry into his next plan year.	Plan change needed? ☐ Yes ☒ No If yes, describe:
Start date: 4/1/2026 End date: 9/14/2026 Steve will become more independent with cooking and meal planning.	☐ Achieved ☒ On track ☐ Limited or no progress Status description: Throughout this reporting period, Steve prepared his own breakfast almost every morning, most days without prompting, using the microwave and stove with staff nearby for safety. He packed his own lunch for day support, cooked his dinner with staff supervision most evenings, helped choose his groceries and made a shopping list, and on 7/2/2026 made his favorite food (tacos) at a cooking session at day support. On 7/17/2026 Steve burned his hand while using the microwave; staff provided first aid and reviewed using oven mitts and handling hot dishes safely, and no further kitchen injuries occurred. Steve continues to build meal-planning skills with staff guidance and often chooses to cook at home rather than eat out.	Plan change needed? ☐ Yes ☒ No If yes, describe:
Essential Supports		

Steven "Steve" Lavinus ☐ 1st ☐ 2nd ☐ 3rd ☒ 4th quarterly review covers information from 6/15/2026 through 8/31/2026

Risks (identified/potential) and Routine Supports		
Start date: 4/1/2026 End date: 9/14/2026 **Dehydration** ☒ Identified Risk ☐ Potential Risk	☐ Achieved ☒ On track ☐ Limited or no progress Status description: Throughout this reporting period, Steve continued to drink water instead of soda and told staff he is proud of cutting out soda and energy drinks. Staff offered water regularly, sent a water bottle with him to day support, and encouraged extra fluids on hot days and during community outings such as the Busch Gardens trips. Steve took his medications with water. No signs or symptoms of dehydration were observed during this reporting period.	Plan change needed? ☐ Yes ☒ No If yes, describe:
Start date: 4/1/2026 End date: 9/14/2026 **Seizure** ☒ Identified Risk ☐ Potential Risk	☐ Achieved ☒ On track ☐ Limited or no progress Status description: Throughout this reporting period, staff monitored Steve for seizure activity during every shift, including overnight checks, and followed his seizure protocol. No seizure activity was observed from 6/15/2026 through 8/28/2026. At about 3:30 AM on 8/29/2026 Steve had a seizure in bed lasting about three minutes. Staff kept him safe on his side, timed the seizure and called 911; he was taken to the hospital by ambulance, was evaluated and returned home later the same morning with instructions to rest, drink fluids and continue his medications as prescribed. An incident report was completed, the house manager and his physician were notified, and staff increased overnight checks to every 30 minutes. No medication changes were reported, and no further seizure activity was observed through the end of the reporting period. Staff will continue to follow his seizure protocol and any further instructions from his physician.	Plan change needed? ☐ Yes ☒ No If yes, describe:
Start date: 4/1/2026 End date: 9/14/2026 **Pressure Injury** ☐ Identified Risk ☒ Potential Risk	☐ Achieved ☒ On track ☐ Limited or no progress Status description: Throughout this reporting period, Steve remained active with daily walks, outings and household tasks, and changed positions regularly during the day. Staff observed his skin during routine care and saw no redness, irritation or breakdown. No concerns related to pressure injuries were identified during	Plan change needed? ☐ Yes ☒ No If yes, describe:

			conflicts were reported. (2) On 8/29/2026 at about 3:30 AM Steve had a seizure lasting about three minutes; staff followed his seizure protocol, called 911, and he was taken to the hospital by ambulance and returned home the same morning. An incident report was completed, his physician was notified, overnight checks were increased, and no medication changes were reported. Seizure remains an identified risk in his plan. (3) On 7/17/2026 Steve burned his hand while using the microwave; staff provided first aid and reviewed kitchen safety with him, and no further injuries occurred. All events are documented in the daily shift notes and incident reports.
2.	Does the person or substitute decision-maker desire and/or need any **changes** to the plan or services and supports?	☒ Yes ☐ No	If yes, describe plans to address: Steve began a community engagement program on 8/25/2026 (Tuesdays and Thursdays, 5:00-8:00 PM), which he enjoys, and this service should be added to his plan. Steve continues to express a desire to find paid employment. These changes, along with the supports needed after the 8/1/2026 incident with his housemate, will be addressed with Steve, his family and his case manager at his annual ISP meeting for the plan year beginning 9/15/2026.
